1925 GLADIOLI PRICE LIST

Grown by GEO. H. FROELICH, BARRINGTON, ILLINOIS

All varieties listed are guaranteed true to name. I want only satisfied customers, if at any time you are not pleased, kindly let me know.

You will find the following prices very reasonable for bulbs that are grown for bulb production only, and not for both bulbs and flowers for the market, which is a common practice. I ship no flowers to the market, to do so greatly impairs the vigor of the bulb for the next year, because florists demand long stems with leaves. After the plants have bloomed, the new bulbs for the next year grow. If to many leaves have been removed, they cannot develop properly and the resulting bulbs will give poor results.

I send out only strong vigorous bulbs. In the spring I plant medium and small sizes. These produce strong, young, vigorous stock, that gives maximum results the next season. The CUSTOMER gets the BLOOM and not the FLORIST.

CHOICE NAMED GLADIOLI

All orders of 40c or over are sent postpaid, if less add 5c.

6 of a kind for the price of 5. Complete cultural directions with all orders.

If interested in small sizes of named varieties see information on the next sheet.

The first 14 varieties listed are selected Primulinus Hybrids. This is a new type, noted for their graceful spikes, better spaced florets and more delicate shades. They bloom earlier than most of the other varieties.

1925 DAHLIA PRICE LIST

Grown by, GEO. H. FROELICH, BARRINGTON, ILLINOIS.

I regret that I am unable to offer as large an assortment of Dahlias this year as I have in the past. My surplus is very low, on account of the many orders received from visitors at my gardens.

This list has been issued because of the many requests from people who have seen the blooms from my gardens at the homes of friends, or in public places where the flowers were exhibited.

I also believe that many of my older customers will wish to add new varieties to their collections.

All varieties listed are choice, and I am fortunate in being able to offer these because the bulb increase was far beyond my expectations.

All orders of 75¢ or over are sent postpaid, if less add 5¢ extra for postage. Guaranteed true to name. Complete cultural directions sent.

The name of each variety is followed by a letter designating its class.
